Foreword

We realize all too well, that life is a serious business, but as for now, we are going to abandon all care and store between the covers of this book these treasured memories of our early youth.

All of this we do in a gay and happy mood, so that in the years to come you may glance through this BUGLE NOTES and close it softly with a gleam in your eye, a smile on your lips, and a song in your heart.

Eyes Of The Camera

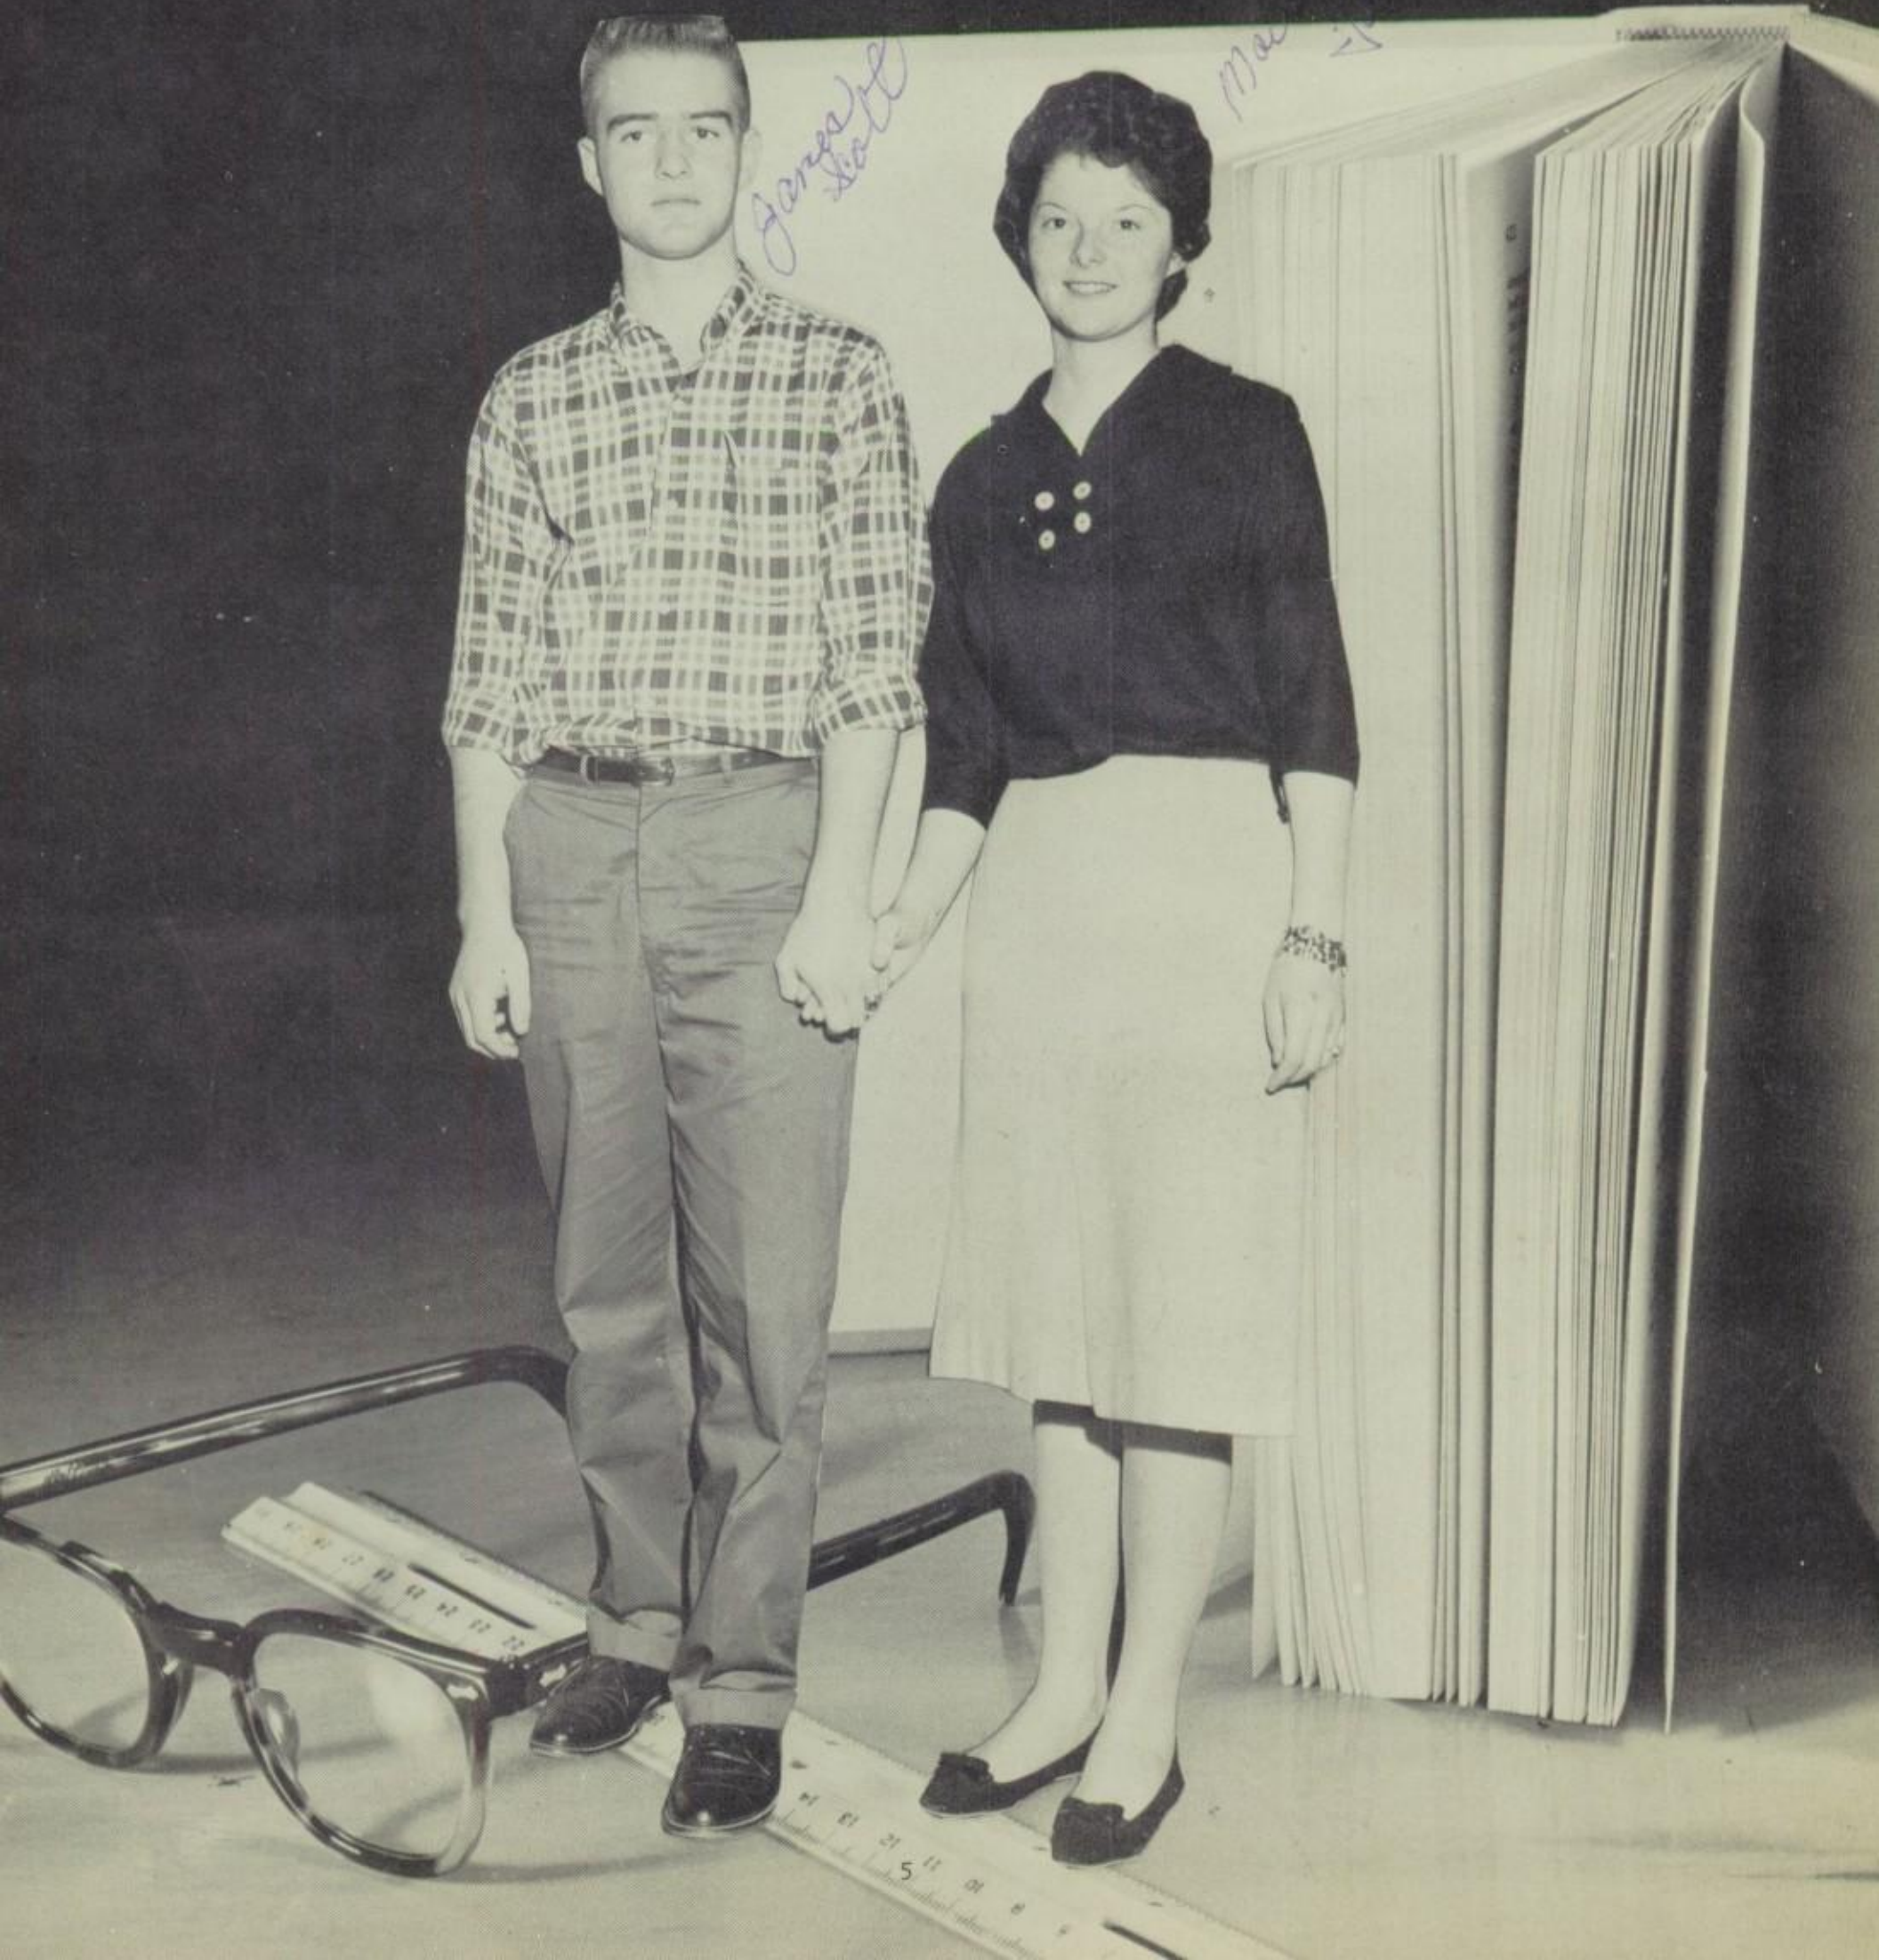

Mr. B. F. Patrick

We, as Seniors of the Summerfield High School, would like to show our deep appreciation to one of the faithful teachers of this school. He has been one to guide and help us, and we have learned to have great respect for him. We, the Senior Class of 1960, would like to say "Thank you", Mr. B. F. Patrick.

For Sincere Service

Principal's Message..

Dear Students

Your teachers have been and are concerned with inspiring and preparing you to make intelligent choices in a space-age society fraught with dangers both tangible and intangible. This modern period of history which you are helping to make is accelerated as never before. The prevailing sense of speed can easily catch you up and hurl you into a situation where you are tempted to make hasty decisions and judgments which will be later regretted. I caution you to keep abreast of the times yet conservative in attitude.

Ours is an interdependent world; the "have not" peoples yield great "power-sticks" with their ability to choose, and the "haves" are not necessarily powerful because of their wealth. It is humanity-such folk as you Seniors-who are America's Potential; you are our reservoir of strength, of leadership, of mortality.

During the summer holidays, Mr. Bowden and two boys went to the F. F. A. Convention in Raleigh. A group of boys went to White Lake in July, also. At White Lake, they entered several contests and came in second place twice and third place once.

The Chamber of Commerce of Greensboro, N. C., is giving a banquet for the three outstanding boys in the supervised Practice Contest. The banquet is to be held sometime in January and the boys' parents are invited. Awards will be presented to these three boys. The three boys who are winners are David Rierison, Gene Redmon, and Daniel Simmons. Last year's winners were Phillip Hardin, Rush Hardin, and Gene Redmon.

Future Farmers Of America

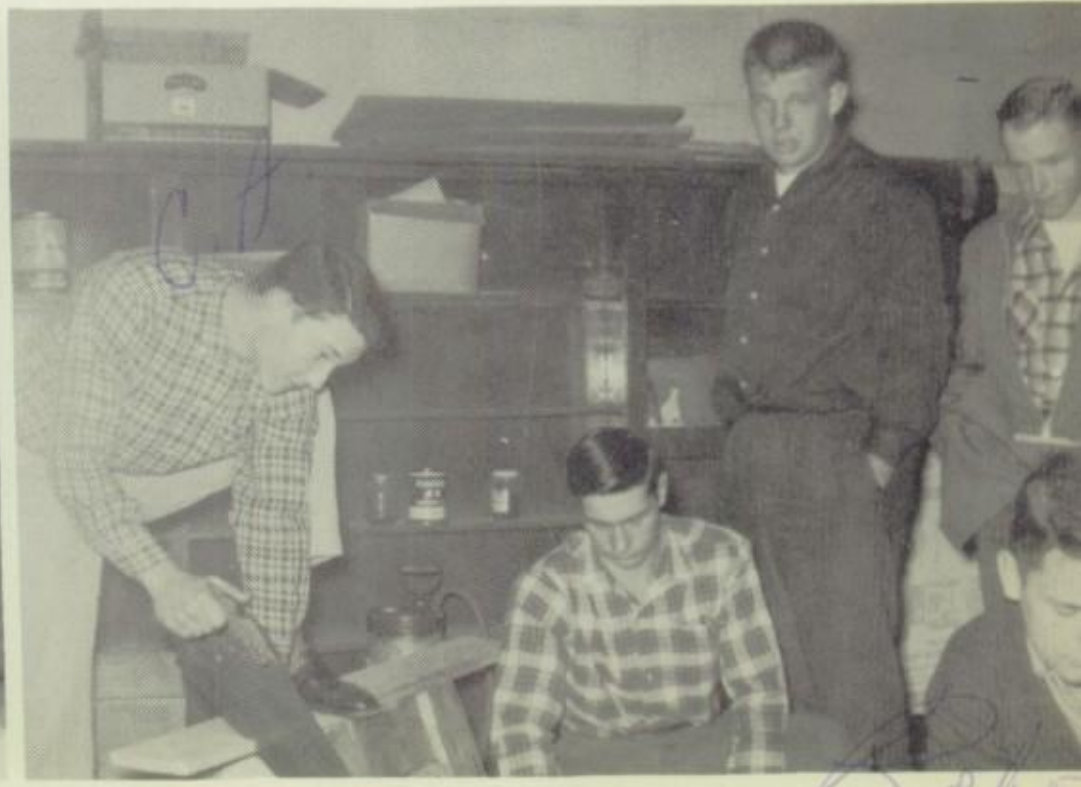

This Fall a group of boys, along with Mr. Bowden, went to N. C. State College to study a program called Horizons in Science.

There are 67 members in the Summerfield Chapter of the Future Farmers of America.

Taking a short range look at FHA for a 4-year period, we find it has grown in numbers from 28 to 50 in membership. This year we are expecting many members to achieve Junior and Chapter Homemaker Degrees.

For the first time we have Home Economics offered to boys. As you can see in one of the pictures they are in action in their first foods lab. "Boys, did you say no one burned the toast?" Yum! Yum!

Home Economics has many objectives and goals, but its main purpose is to teach girls and boys how to live happy useful lives and prepare for happy family living.

ENTHUSIASM!

Enthusiasm is an important ingredient of success. This is true whether the job is preparing a lesson for tomorrow's class or carrying out an assignment in industry. We at Cone Mills are enthusiastic about the future of the textile industry and there are many job opportunities for those young people who would like to share this enthusiasm with us.
